## June Horoscopes

*In astrology, those born June 1-20 are Gemini's Twins. Twins seem to have two personalities. They have an energetic and fun-loving side that is the life of the party, but also a deep and emotional side that needs love and nurturing. Those born June 21-30 are the Crabs of Cancer. Guided by their hearts, Crabs are emotional and nurturing. They create deep bonds and comfortable homes and are always willing to welcome people into their circle.*

# All About Ty

Hello everyone! My name is TyuShawne' but you can address me as Ty. I'm the new activity assistant and no, I don't know how to play the guitar! Although I'm very excited to be here. I've been working in the senior living industry for a little over three years now. I usually do cares, although I was a laundry aide for about 2 weeks or so, but this is my first time doing activities! My mom was a care taker for about 20 years and is now the HR at a major assisted living home, which is

how I ended up working in this field. Within my first year being a care taker, although I was the youngest person at my job site... I was promoted to lead care manager! I love working with the elderly, it brings me a joy I don't think you can find in other jobs. Although I love assisted living, I usually am working with memory care residents. I connect with them well and try to understand them as the unique individual that they are! I went to Cooper High School but graduated from North Education Center... both in New Hope, Minnesota.

I was born in Minneapolis, Minnesota and continued to live here throughout my life. I stopped working from April 2018 to April 2019 took some time to myself and did some traveling. From Tennessee, to Atlanta, Illinois, and North Dakota! So that's just a little information about myself, can't wait for us all to get more acquainted with each other. Thank you for welcoming me here!!!

# Humor Month: Ole & Lena

A Norwegian, a Swede and a Dane made a bet about who could stay the longest in a stinky pig barn. They all went in at the same time. After only two minutes the Dane came running out. Five minutes later the Swede stumbled out the door. After ten minutes, all the pigs ran out.

Lena once had two chickens. One of them got terribly sick. So she killed the other one to make soup to get the first one well again.

Ole called the airlines information desk and inquired, "How long does it take ta fly from Minneapolis to Fargo?" "Just a minute," said the busy clerk. "Vell, said Ole, "if it has to go dat fast, I tink I'll yust take da bus."

# In the Name of the Father

Fathers really should thank mothers for the creation of Father's Day. It was a woman named Sonora Smart Dodd, one of six children raised by her widower father, who lobbied to create a father's equivalent to the popular Mother's Day. Dodd took her cause to churches, shopkeepers, the YMCA, and local government officials until finally, on June 19, 1910, Washington state celebrated the first Father's Day. Over the years, the holiday gained traction, and in 1924, President Calvin Coolidge urged all states to adopt Father's Day as a holiday. But this was not without controversy. Throughout the 1920s and '30s, various groups attempted to squash both Mother's and Father's Day. They argued instead for one holiday, Parents' Day, for, as one advocate said, "both parents should be loved and respected together." It wasn't until 1972 that Richard Nixon, in the middle of his presidential re-election campaign, signed a proclamation making Father's Day a federally recognized holiday—58 years after Mother's Day was made official.
